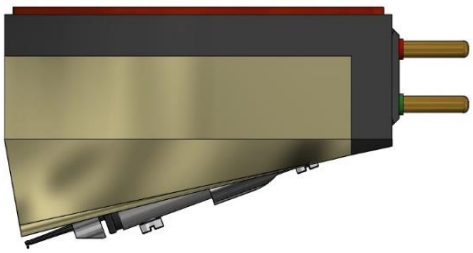
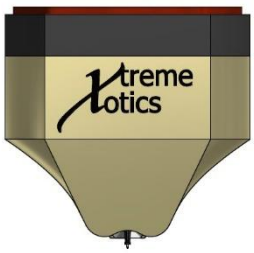
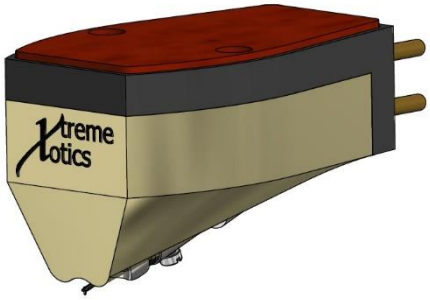
Extreme Exotics

Finest MC cartridge with patented monobloc-ceramic transducer technology, pure gold coil and advanced bronze-aluminium-wood sandwich-body design.







Specification	
Cantilever and coil body:	Monobloc ceramic unit, patented design
Coil:	Gold 24 karat
Diamond shape:	Micro ridge
Magnet unit:	Neodym-Armco, reduced eddy current loss design
Body:	Bronze-aluminium-wood
Connection:	1/2" – 4pin, gold plated
Vertical Tracking Angle:	20°
Weight:	20,8g
Tracking force:	1,9…2,1g
Output voltage:	0,25mV @ 5cm/s
Compliance:	12µm/mN
Frequency response: ±2dB:	20-30'000Hz 40-15'000Hz
FIM distortion	max. 0.2%
Impedance:	2 x 20 Ohms
Recommended load:	400…800 Ohms
